No tree limb is too much for my favorite yard 'toy'!

I know it's in here somewhere...!

Ooops!! We may have cut too much off.

Is this what I volunteered for?

Cool!! Power tools!

I'm always in the back corner. This time, I'll just cut out a path.

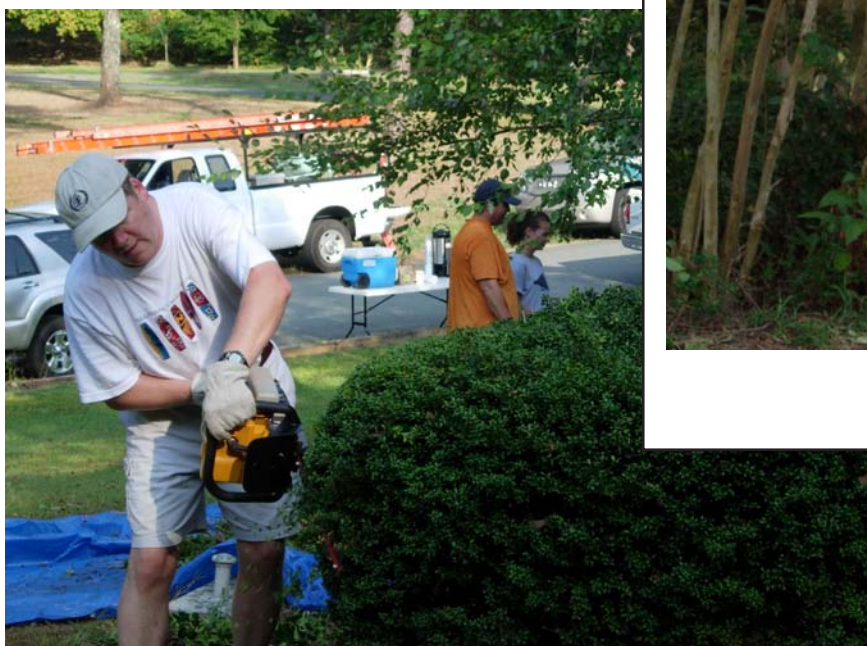

WOW ~ There is a whole HOUSE under this!

Shoot! That was the WRONG one!

1 down, 23 to go!

Easy does it...shrub sculptures are tricky!

Man - It's hot out here!

Look!! Do you know what kind of tree that is?

I'm telling you - it was this big - hiding under the shrubs.

Look at the debris pile!!!
